

hi my name is lieke I am currently studying leisure and event management with the specialization of live music and dance events at Breda university of applied sciences. My goal for the future is to organize my own festival, of course this is very ambitious and that why I'm actively gaining experience in the live music and dance events field. My experiences until now include doing voluntary jobs in the industry and helping in the organization of some small events. My values are very important to me and they will help me decide where I want to go in the future.
